

SERENITY

Serenity NOTE Ultra 11

Product Description

The Serenity NOTE Ultra 11 offers learners an affordable secure device to support educators in creating environments that help students learn. This innovative laptop provides students opportunities to learn in highly personalized ways with the new emphasis placed on online learning and an experience that will inspire learners. Students and educators can experience smarter, faster learning experiences wherever learning happens.

The NOTE Ultra 11 laptop with its 11.6-inch screen offers great portability alongside robust capabilities that make it a flexible and highly usable investment with its rugged option. Equipped with an extra-large 5500mAh battery it is powerful enough to foster learning anywhere, anytime. Perfect to empower learners and educators with the tools they need to get an equal chance to succeed, whatever their learning style.
