

SERENITY

Serenity TAB 10s

Product Description

The durable and portable Serenity TAB 10S is developed to enable learning in any environment.

The TAB 10S tablet with its 10.36-inch screen and extra-large 7000mAh battery is a powerful teaching tool that goes all day, every day. TAB 10S fitted with a microphone, a 13MP rear camera and a 5MP front camera, create a more immersive, collaborative environment regardless of where students are physically located.

Serenity TAB 10s empowers teaching and learning with the tools needed offering students an equal chance to success.
