# Serenity TAB 8

## Product Description

The innovative Serenity TAB 8 is purpose-built for education. The cost-effective Serenity TAB 8 tablet can transcend the educational market into the regions of science, research and development, enabling forward-thinking and unlocking unprecedented learning opportunities.

The TAB 8 tablet with its 8-inch screen is made from the highest-grade durable plastics, with an extra-large 6500mAh battery. Perfect for a full day's education curriculum, moving between classroom, building or schools, Serenity TAB 8 is providing seamless access to the modern education tools required by teachers and learners.
