

SERENITY

Serenity TAB 10u

Product Description

Serenity TAB 10U with Android 13 OS is the latest Serenity Range Tablet addition to the world of education technology, built to make research and learning more fun and engaging. Serenity TAB 10U is durable and designed to withstand the wear and tear of daily use, while its compact size makes it easy to carry with you wherever you go.

The Android 13 OS ensures fast performance, allowing students to seamlessly navigate through apps, websites, and e-books with ease and comfort. Its high-resolution display brings learning to life, making it easier for students to engage with digital content and understand complex concepts.

With its modern features such as: LCD Touch Panel, Wi-Fi enabled, BT5.0 and user-friendly interface, this tablet is specifically designed to enhance the learning experience and to revolutionise the way students learn and interact with digital content.
